Getting Into Safe Mode Windows 7

```
Windows Advanced Options Menu
Please select an option:

        Safe Mode
        Safe Mode with Networking
        Safe Mode with Command Prompt

        Enable Boot Logging
        Enable VGA Mode
        Last Known Good Configuration (your most recent settings that worked)
        Directory Services Restore Mode (Windows domain controllers only)
        Debugging Mode

        Start Windows Normally
        Reboot
        Return to OS Choices Menu

Use the up and down arrow keys to move the highlight to your choice.
```
